

## Shining Stars of the Arts Program

At Sacajawea Elementary School, we believe that children have talents in many areas outside of academics. For a student to become a SACAJAWEA SHINING STAR, a family member and/or a mentor coaches the child in the development of a talent. When the student feels confident and well-prepared, they will perform either alone or in a duet. (Group performances are generally not appropriate for this program.) Their audience may just be their classmates, grade level, or they may be ready to perform at one of our Monday morning assemblies. Families will get plenty of advance notice so the SHINING STAR can invite special guests (perhaps their mentor) to the performance.
